FUN AWAITS!

CHOOSE A STRONG SUPPORT DEALER

In short, a good dealer is a resource to whom you will return again and again.

When choosing a dealer, make sure it's a Fort Wayne Pools Strong Support Dealer; they will ensure that all components of your pool are 100% Fort Wayne Pools products. That way, you can be sure that every piece of your pool will fit together perfectly and your warranties will be the best in the industry.

More Fun

Less Hassle

Building a pool has never been easier!

Your dealer can help you make the right decisions about your pool. They can offer advice on everything from custom designs to heaters, cleaners and cosmetic enhancements.

Building a pool is a big decision and investment. A Fort Wayne Pools Strong Support Dealer will guide you through your options from pool shape to decking.

You will come to depend on your dealer's knowledge and will rely on them for as long as you own your pool.

A Fort Wayne Pools Strong Support Dealer is a reputable dealer who has other benefits also associated with the Strong Support Program, including:

- availability of exclusive products
- exclusive opportunity for extended warranties
- direct access to Fort Wayne Pools product experts
- dealer training / educational programs

You also have the reassurance that your Strong Support Dealer will have the support of a company that has been manufacturing inground swimming pool components for over 60 years.

WE'RE BEHIND YOU ALL THE WAY

Because we're so confident in the quality of Latham products, we're able to offer a top-notch warranty program that offers our pool owners real peace of mind.

Sterling Wall Structures

The Latham Sterling Pool wall panels and braces have a lifetime transferable limited warranty. So if you ever sell your home, this can be an attractive feature to prospective buyers.

Thermoplastic Steps

Our Thermoplastic Steps™ with the patented TES (Total Encapsulated Support) System is the only thermoplastic pool step designed with a bleached bracing system for unmatched tread support and strength. This step comes with a lifetime limited transferable warranty.

Fiberglass Steps

Our fiberglass steps carry a 25-year limited warranty.

Do you already own a Fort Wayne Pools pool or vinyl liner? Make sure you register your warranty. Go to yourpoolwarranty.com and follow the link for the product you would like to register.

GETTING BUILDING PERMITS IS EASIER WITH FORT WAYNE POOLS

We are the only packaged pool manufacturer to receive ICC-ES Certification of its products. What is ICC-ES? International Code Council Evaluation Service (ICC-ES) ensures that building products meet code requirements.

Building inspectors and engineers look to the ICC-ES evaluation reports for evidence that the products and systems are code-compliant – and can receive a standardized branded pool blueprint coded with ICC-ES report number, stamped and signed by a licensed engineer. Inspectors' #1 choice for approving building codes are ICC-ES certified products*.

*Final permit approval is up to the discretion of each individual municipality's code official.

THINGS TO CONSIDER WHEN PLANNING YOUR POOL

Think About How You Will Use The Pool

Will it be for recreation, exercise, entertaining or some combination of all of these? If you have a general idea of your intended use of the pool, it can help you work through the design process.

then you may run into some problems! If you have a tiny backyard but want an Olympic-sized pool, it may not be possible. But for the most part, pool builders are very talented and creative when it comes to designing pools to fit in tight or awkward spaces.

Thinking about Safety

If keeping your pool safe is a priority, consider designs that incorporate an automatic safety cover. These covers can be incorporated into most designs and provide a safety barrier that is safer than a fence. They also provide other benefits like savings on heating, chemicals, and less maintenance.

Discuss Dollars And Sense

Swimming pools can be expensive up front, but the investment is worth it in the end and the enhanced backyard environment can add to the value of your home. Remember that you can often obtain financing and stretch your payments out over a longer term – often a monthly pool payment can be lower than a monthly car payment! Talk with your builder about what financing options are available. Also, maybe you don't have the funds to do a huge water feature or lighting system right now. But if you think you might want it in the future, tell your builder. It's much easier to plan for future plumbing and electrical needs upfront and work them into the design than to try and go back afterwards.

Keep Maintenance In Mind

Different types of pools require different levels of maintenance. Some, like vinyl liner pools, are relatively simple to maintain. It can take just a few minutes a week to check water and chemical levels.

Know Your Backyard

If you live on the side of a cliff with a steep grade and little or no access for construction vehicles,

More Creative. Less Cookie-Cutter.

Think about how your pool will be used. If you're looking for fitness and exercise and have limited space, maybe a Lap Pool is just the ticket, or a 48" deep sport pool.

If you want to use your pool as an entertainment centerpiece, maybe a larger Rectangle or Martinique shape will work best. Want to invoke a more natural scene in your yard? Go for a Lagoon, Mountain Lake, Riviera or Taormina design.

Take a look at the variety of standard shapes available from Fort Wayne Pools, or dream up your own, then visit your local Strong Support dealer to turn your ideas into reality.

BUILDING YOUR DREAM POOL FROM THE BOTTOM UP

More Wall.

More Strength.

Factory engineered, the steel wall pool panel is made of corrosion-resistant steel and its strength is unparalleled. Add a five inch flange top and bottom and our "Z" support ribs and you won't find a stronger steel panel. In fact, we're so confident of that strength, we offer a one-time transferable, lifetime limited warranty on the pool wall structure.

**LIFETIME
TRANSFERABLE
STERLING POOLS®
WARRANTY**

A Wall of Strength

The wall panels and braces make up the primary components of the sterling pool wall system. The design of the wall panels, in addition to the steel material itself, contributes to that durability. Our pool system is engineered so that all the components fit together perfectly.

Braces for Support

Supporting the panels and your decking are the braces. Steel braces are attached directly to the wall panels for maximum support. These braces ensure that your pool retains its shape and optional deck supports prevent your deck from settling.

More Options for More Fun

If you'd like a deeper shallow end in your pool, ask your Strong Support builder about our Fort Wayne Pools 48" steel wall panels. They're the perfect solution for more water depth in the shallow end and are great for sport or recreation pools.

VINYL OVER STEPS CREATE A BEAUTIFUL POOL ENTRY

To fully integrate your steps with the look of your liner, the vinyl liner Over Step is a perfect choice; and a great step for pools with automatic safety covers.

Our Vinyl Over Steps are more than just a swimming pool step, you can choose to combine them with a bench for a customized poolscape. Since your pool liner goes right over the modular frame, you'll have the uninterrupted beauty of your liner pattern throughout the entire pool.

Ask your dealer for a full list of step shapes and types available, or custom create your own.

BUILT-IN BEAUTY
VINYL OVER STEPS

SIMPLE ELEGANCE

It's so easy to add elegance to your Fort Wayne Pool. Consider our Vinyl Over Step systems for a beautiful, uninterrupted liner pattern across your pool, and to build steps customized to your design specifications. Ask your dealer for details.

PERFECTLY COORDINATE Steps, Spas, and Liners

Fort Wayne Pools offers a large assortment of steps designed to create your perfect poolscape. A wide selection of steps, lounges, benches, and specialty steps are available in white, blue granite, and grey granite. Create a unified backyard retreat by color coordinating your entryway with your liner. Even the poolside spa is available to match.

Spas

Spas are available in scallop and spill-over styles. All of our spas can be coordinated with our steps and liners, and are available in white, blue granite, and grey granite.

Thermoplastic Steps

Our thermoplastic steps are sturdy and durable. Co-extruded and vacuum-formed from a single sheet of ABS supported by material from BASF*. Our thermoplastic steps are 100% corrosive free and will stand up to the elements.

Fiberglass Steps

Fiberglass steps have set the standard for inground pool step systems. Inherently rigid and strong, fiberglass steps are vacuum-formed from a single piece of acrylic and backed with multiple layers of fiberglass for unsurpassed structural support; the strength is built into the step itself. A step so solid that it is the strongest, highest quality fiberglass step you can buy. This structure is easy to clean and impervious to the elements.

LET US HELP YOU CREATE YOUR DREAM POOL!

Fun and Relaxation

You're excited about the opportunity to improve your quality of life and inject some FUN and RELAXATION with a new pool. There are more benefits than you probably realize to having a pool; for you, for your family and for your friends. With any large investment, find out why your Fort Wayne Pool is the brand that is trusted and built on a foundation of quality - your pool is the last thing you should worry about once the fun begins.

DESIGNER LINERS

Art for pools. Picasso. Rembrandt. Van Gogh. Warhol. Who would you choose?

Art is subjective. That's why we offer a variety of liner patterns designed to create the perfect poolscape for you.

A masterpiece is created!

Fort Wayne Pools liners are designed and manufactured using the most advanced technology in the industry. First our professional designers create a precision drawing of the liner, then our trained machine operators produce a precision-crafted liner that must meet our stringent quality standards. The result is virtually a masterpiece worthy of display in any pool.

A quality, perfect fitting liner backed by one of the best warranties in the industry. Like famous artists sign their work, each liner is worthy of the Fort Wayne Pools signature.

Fort Wayne Pools is the leading inground vinyl liner manufacturer in North America and we offer:

- Prime Selection of Designer Patterns
- Exclusive Designs
- Superior Quality Vinyl Materials
- Computer Driven State-of-the-Art Technology
- Over 60 Years of Experience
- An Excellent Choice for Replacement Liners
- One of the Best Liner Warranties in the Industry
- Ultra-Seam® standard on every liner.

OUR EXCLUSIVE DESIGNER PATTERNS

PEARLSCAPE™ COLLECTION with Pearlescent Inks

Latham offers an extensive array of designer patterns. The newest addition is our Pearlscape Collection. Iridescent inks are introduced into our traditional vinyl liners and these iridescent inks create a luminous shimmer and sparkle in your pool.

The unique Pearlscape Collection liners are made from the best vinyl material available, and are algae and bacteria treated and UV resistant for a longer life.

STANDARD ON EVERY FORT WAYNE POOLS LINER

The strongest seams you'll never see! Over 500,000 installs!

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative Ultra-Seam® technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool! Now standard on every Fort Wayne Pools Liner.

For more information, ask your dealer about Ultra-Seam!

AUTOMATIC SAFETY COVERS FOR SAFETY, SAVINGS, & CONVENIENCE...

an automatic safety cover for *every* need
and *every* pool!

A backyard swimming pool is the ultimate source of family fun! But when it comes to children and pets, it is also the source of safety concerns. No parent can be watching over the pool every minute. No fence or alarm can prevent a child from getting access to an unsupervised pool. A Coverstar® or Pool Cover Specialists® automatic safety pool cover can!

Strong protection with your automatic safety cover.

Your Coverstar or Pool Cover Specialists automatic safety cover will create a barrier over your pool that no child or pet can penetrate. With the optional Touch Pad Control, use the key pad to program alerts sent via text or email with your home WiFi network. Be informed on who activated the cover, and when the cover was activated – both opening or closing...plus many other programmable options are available.

The perfect fit!

Custom-built to fit your pool perfectly and manufactured from our best-in-class materials, this is the best protection available for your family and your pool investment!

Save on heat, water, electricity, and chemicals.

A Coverstar or Pool Cover Specialists automatic safety cover acts as a passive solar heater, increasing the temperature of your water by eight to ten degrees. It also reduces evaporation of water as well as consumption of chemicals.

Less time cleaning...more time enjoying!

A Coverstar or Pool Cover Specialists cover keeps dirt and debris out of your pool. The time spent cleaning out dirt and leaves and putting in new chemicals is almost eliminated!

Choice of eleven standard fabric colors.

POOL COVER
SPECIALISTS®
AUTO COVERS MADE SIMPLE

THE AUTOMATIC CHOICE FOR SAFETY, SAVINGS, AND CONVENIENCE!

Custom designed to fit your pool.

A Coverstar or Pool Cover Specialists automatic safety cover is custom designed to fit your pool. Multiple track options and eleven different fabric colors allow you to choose the system that best fits your pool and backyard.

Save on heat, water, electricity, and chemicals.

A Coverstar or Pool Cover Specialists automatic safety cover reduces evaporation by up to 90% which can save you up to 70% on heating costs and up to 50% on chemical costs.

Less time cleaning...more time enjoying!

A Coverstar or Pool Cover Specialists automatic safety cover keeps dirt and debris out of your pool. You'll spend less time cleaning your pool and adding chemicals and more time enjoying it!

POOL COVER
SPECIALISTS®
AUTO COVERS MADE SIMPLE

THE RIGHT COVER TO FIT YOUR NEEDS...

AND YOUR POOL!

More Protection.

Less Concern.

Latham offers mesh covers for maximum drainage and solid covers that block 100% of sunlight – in a variety of material weights and colors. All can be custom designed to fit any size or shape pool precisely, including any special features such as raised walls, diving boards, steps, and rails.

Ask your Fort Wayne Pools dealer for more information about Latham safety covers.

OUR SAFETY COVER FABRIC COLLECTION

We designed our Safety Covers to protect both your pool and your family. Our pool covers are manufactured to your specific pool size and shape. A properly installed safety cover will help prevent accidental intrusion by children and pets.

Our 60 Year History

A timeline of key events in our history:

BE SMART, PLAY IT SAFE

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate in pool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;

- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and also available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner-Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

NOTICE: The manufacturer stands behind every product they produced pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.
